RESOLUTION TO GRANT SITE PLAN APPROVAL

Hyde Park Town Center North – Building 2

Date: April 20, 2022

Moved By:

Resolution: #2022-04A

Seconded By:

WHEREAS, the applicant, N & N Hyde Park LLC, has submitted an application for site plan amendment approval to establish an office with equipment storage use in an existing building identified as “Building 2” located in an existing shopping center and other related site plan improvements (the “Project”) on property located at 4272-4288 Albany Post Road, tax parcel no. 6065-04-933017, in the Town Core Zoning District, PW-2 Subdistrict (the “Property”); and

WHEREAS, the Project is depicted on a site plan entitled, “Hyde Park Town Center North, Amended Site Plan, Hyde Park Town Office,” prepared by Berger Engineering and Surveying, dated December 12, 2021, last revised April 17, 2022, Sheets T1, Demo1, SP1, EX1 and SP2, and elevations entitled, “Hyde Park Office,” prepared by DeGraw & DeHaan Architects, dated April 11, 2022 and received on April 18, 2022, and updated dumpster detail provided by e-mail on April 20, 2022 (collectively, the “Site Plan Set”); and

WHEREAS, the Site Plan Set depicts a future project identified as Ready Coffee for reference only and which is not being approved or considered as part of this Site Plan application; and

WHEREAS, the Site Plan Set depicts a proposed sign location for a future sign but the sign is not being approved as part of this Project; and

WHEREAS, pursuant to Section 108.5.11.2, general commercial uses are permitted in the Town Core/PW-2 Zoning District subject to site plan approval; and

WHEREAS, pursuant to Section 108-5.11.2, the Town Core District standards apply to new construction or expansions of existing structures by more than 50%; and

WHEREAS, the applicant has submitted a Short Environmental Assessment Form (“EAF”) dated January 14, 2022, pursuant to the State Environmental Quality Review Act (“SEQRA”); and

WHEREAS, on February 16, 2022, the Planning Board classified the Project as a Type II action under SEQRA pursuant to 6 NYCRR 617.5(c)(9), the reuse of a residential or commercial structure, or of a structure containing mixed residential and commercial uses, where the

residential or commercial use is a permitted use under the applicable zoning law or ordinance; and

WHEREAS, pursuant to Section 239-m of the General Municipal Law, the Project was referred to the Dutchess County Department of Planning and Development, which responded on March 23, 2022 and recommended that the Board rely upon its own study of the facts; and

WHEREAS, pursuant to a memorandum dated February 27, 2018 from Jason W. Teed, PE at the Dutchess County Department of Behavioral and Community Health (“DCDBCH”), Building 2 “must not be occupied until plans are submitted to, and reviewed and approved by [the Dutchess County Department of Behavioral and Community Health] and construction compliance is granted”; and

WHEREAS, the applicant has applied to the DCDBH for approval of the Project, which is pending; and

WHEREAS, the Zoning Law recommends that 120 parking spaces be provided for a business or professional office use in Building 2, but in light of the unique office use which includes storage of equipment and occasional training sessions, the applicant is proposing to provide 31 spaces; and

WHEREAS, pursuant to Section 108-4.5 of the Zoning Law, off-street parking requirements may be modified for a project after considering the following: 1) the practical difficulties of applying the standard to the particular project; 2) the potential adverse impact on surrounding properties and the neighborhood of applying or not applying the standard to the proposed project; and 3) the feasibility of alternate means or measures to attain the same goal as the standard; and

WHEREAS, a duly noticed public hearing was opened on April 6, 2022 and closed on April 20, 2022, during which all those who wished to speak were heard.

NOW THEREFORE BE IT RESOLVED, that the Planning Board makes the following findings with respect to the request to modify the off-street parking standards:

- 1. The Project involves the redevelopment of an existing building in an existing shopping center. It is not feasible to create approximately 90 additional off-street parking spaces at the Property. Further, the particular nature of the proposed office use will have a small number of employees and guests in relation to the size of Building 2.**
- 2. There is no potentially significant adverse impact on neighboring properties from a reduction in off-street parking. Parking at the Property is shared. Building 2 was formerly used as a grocery store which accommodated a higher intensity of use.**
- 3. The applicant has agreed to limit the number of persons occupying Building 2 to no more than 50 people in light of the inability to provide 120 off street parking spaces.**

BE IT FURTHER RESOLVED, that the Planning Board hereby grants site plan approval to the Project as depicted on the Site Plan Set and authorizes the Chair or his authorized designee to sign the Site Plan Set after compliance with the following condition:

1. Payment of all fees and escrow.
2. Approval by the DCDBCH for the methods of water supply and wastewater disposal.
3. Revision of Sheet T1 to delete the general bulk table.
4. Revision of Sheet T1 to include the following note: Occupancy of Building 2 shall be limited to no more than 50 persons.
5. Revision of Sheet T1 to include an owner's signature block.
6. Revision of SP-1 to add a note that the canopy will not be illuminated from within, and to add a detail of the proposed cylindrical lamp(s) – also used on Buildings 3 and 4 - above Building 2's entry/exit doors.
7. Revision of the Site Plan Set to include a note that lighting shall not exceed 3000K.
8. Revision of the elevation sheet to change the "southwest" label to "west".
9. Revision of the Site Plan Set to include the following note: Planting shall be maintained for the life of the use, and shall be replaced as necessary and in-kind unless a substitution is allowed by the Zoning Administrator.
10. Revision of the Site Plan Set to include the updated dumpster elevation (received by email on April 20, 2022).

BE IT FUTHER RESOLVED, that prior to the Zoning Administrator authorizing issuance of a building permit, the applicant shall provide the Planning Board with a .pdf of the fully signed Site Plan.

BE IT FURTHER RESOLVED, that the applicant must apply for a separate sign permit for the proposed tenant sign once the sign design is finalized.
