

Hyde Park Trail

end 2 end

We recommend beginning your hike at Val-Kill, and dropping a second vehicle at your planned destination point. Note that parking is not permitted at Top Cottage. Restrooms are available 9-5 at the Home of FDR and Vanderbilt visitor centers. Restrooms at Val-Kill are only open seasonally, generally May through September (varies).

For the full 9.3 mile End2End, leave a second vehicle at Vanderbilt Mansion NHS parking lot before starting your hike from Val-Kill. Be aware that both Val-Kill and Vanderbilt gates are closed overnight. Times vary with the season and are posted at each entrance, but are generally around sunset.

The trail is marked with green and white plastic markers using the tulip-poplar leaf logo shown above.
